Annual Report 2012/2013 - Section 2 - Statutory Information

Introduction

The Annual Report refers to the period 1 July 2012 to 30 June 2013.

Section 2 of the Annual Report includes information that is prescribed by the Local Government (General) Regulation 2005. It is considered important for the community to have access to this information so it can better understand how Council has been performing both as a service provider and a community leader.

In a separate document, Section 1 of the report focuses mainly on Council's implementation of its Delivery Program and Operational Plan – the plans that are wholly Council's responsibility under the NSW Integrated Planning and Reporting (IPR) Framework. This represents an overview of the effectiveness of Council activities in implementing the strategies and achieving the objectives of the *Coffs Harbour 2030* Community Strategic Plan. The IPR legislation requires councils to provide this information every six months and as an "End of Term" Report at the conclusion of the term of each elected council.

Also tabled separately, Section 3 of the Annual Report contains Council's annual financial statements, as required by the Local Government Act 1993 - Section 428 (4) (a).

All sections of the Annual Report are to be accessed at Council's website: www.coffsharbour.nsw.gov.au

Note: At the time of the adoption of the Annual Report Sections 1 and 2 (28 November 2013), Council's annual financial statements had yet to be finalised. The delay was caused by asset accounting issues – related to a comprehensive, ongoing review of all of Council's asset management processes. It is expected that these statements will be tabled at Council's meeting of 12 December 2013.

The finalisation of the annual financial statements will enable the inclusion of details of Assets Acquired and Held; Condition of Public Works in this *2012/2013 Annual Report - Section 2 – Statutory Information*, as required by legislation.

Compliance with Special Variation Approval Conditions.

▪ **Community Facilities Program (2006)**

In response to community demands, Council developed a \$21.5m schedule of capital infrastructure works - called the Community Facilities Program – as part of the 2006/2009 Management Plan. Council applied for a variation in rates to assist in funding the program.

On 26 June 2006, the Minister for Local Government approved Coffs Harbour City Council's application for a 9.56% special variation to General Income for 2006/2007 (see *DLG Reference A49996*). The approval was subject to the following conditions:

1. The Council will raise \$1,390,970 of the increase by additional rates for the costs associated with the infrastructure projects in Council's Community Facilities Program, and
2. The Council clearly report in its Annual Report for the period 2006/2007 to 2015/2016 information on the total income received, expenditure per project/program and outcomes achieved, and
3. The Council develops a comprehensive Asset Management Plan linked to a long-term financial plan. Council is to report to the Department of Local Government on the progress of the Asset Management Plan's development by 31 December 2006.

The table on the following pages provides information on the total income received and expenditure per project/program.

Outcomes Achieved

The completion of the eleven infrastructure projects from the Community Facilities Program's original schedule of works has been reported in previous Annual Reports.

Through the Community Facilities Program, the Rate Variation revenue has subsequently assisted in funding the upgrade of drainage at Richardson Park and the installation of lighting at Fitzroy Oval. It is also contributing funds associated with the following projects:

- The new Museum facility in Harbour Drive;
- Upgrade of the Woolgoolga netball courts;
- Continuation of upgrades to public amenities;
- Jetty Foreshores Revitalisation and
- The Community Capital Infrastructure Grants Program

Compliance with Special Variation Approval Conditions (*Continued*)

▪ ***Priority Infrastructure and Economic Development (2008)***

On 27 June 2008, the Minister for Local Government approved a special variation of 5.95% for Coffs Harbour City Council for 2008/2009. On top of the approved 3.2% 'rate pegging' allowance, this represented a further 2.5% increase in Residential, Farmland, CBD Business and citywide Business rates and an additional 3.5% increase in the citywide Business rate.

The approval was subject to the following conditions:

1. The Council will levy a rate increase for the costs associated with priority infrastructure and economic development projects, as defined by the Council; and
2. The Council clearly reports in its annual report for the period 2008/09 to 2012/2013 information on the total income received, expenditure per project/program and outcomes achieved.

In relation to approval condition 2 above, the tables on pages 6 and 7 provide information on the total income received and expenditure per project/program in 2012/2013 and the outcomes achieved.

Compliance with Special Variation Approval Conditions (*Continued*)

▪ ***Flood Mitigation and Drainage Works (2010)***

On 24 June 2010, the Minister for Local Government approved a special variation of 7.00% for Coffs Harbour City Council commencing in 2010/2011.

The approval was subject to the following conditions:

1. The Council will raise \$1,373,358 of the increase by additional rates for the costs associated with flood mitigation and drainage works, as defined by Council; for a period of ten years; and
2. Council will reduce its general income for the 2021/2022 rating year by \$1,373,358 plus the equivalent cumulative proportion of this increase from any general variation increases or any special variation increases approved for the 2010/2011 to 2020/2021 rating years inclusive; and
3. Council clearly reports in its annual report for the period 2010/2011 to 2020/2021 information on the total income received, expenditure per project/program and outcomes achieved.

This rate variation assists in funding a ten-year program of flood mitigation and drainage works in and around Coffs Harbour.

Funding for the program is augmented by the Stormwater Management Charge levied by Council.

The works are designed to help address a long-standing need to protect significant areas of the city from inundation and damage in times of high rainfall and extreme storm events. The necessity to fast-track these works was made clear in 2009 when the city experienced a number of flash-flooding incidents.

Work is progressing well, although land acquisition issues have slowed the pace on a number of the larger projects. Fortunately there has been no repeat of the severe weather events of 2009; however the completed works have performed according to design in accommodating rainfall experienced to date. There is confidence that the ongoing implementation of the works program will bring a new level of flood security to Coffs Harbour.

In relation to approval condition 3 above, the tables on the following pages provide information on the total income received and expenditure per project/program in 2012/2013 and the outcomes achieved.

▪ **City Centre Works Program (2012)**

Council initiated a City Centre revitalisation program in 2000/2001, funded by a twelve-year City Centre Special Rate (referred to as the CBD Special Rate). In June 2012, Coffs Harbour City Council secured Ministerial approval - via the Independent Pricing and Regulatory Tribunal (IPART) – to continue the CBD special rate in 2012/2013 to allow work to be carried out to support an application for a further ten-year extension of the Special Rate Variation.

The approval was subject to the following conditions:

The Council reports in its Annual Report for the rating year of 2012/2013 on:

1. Expenditure on the development of the City Centre Masterplan; and the traffic flow works listed in IPART's Determination; and
2. The outcomes achieved as a result of the special variation.

In relation to approval condition 1 above the following information applies:

- Total rate revenue from the CBD Special Rate for 2012/2013 was **\$668,900**.
- Total expenditure on the development of the City Centre Masterplan for 2012/2013 was **\$241,802**.
- Total expenditure on CBD traffic flow works (Harbour Drive / Gordon Street intersection) for 2012/2013 was **\$12,850**.
- The remaining CBD Special Rate funds for 2012/2013 (**\$414,248**) have been revoted and are to be used for future major capital works associated with the intersection upgrade of Harbour Drive and Gordon Streets. These works have not yet commenced due to a pending development application from a large shopping centre, which is likely to have an impact on the scope of the upgrade works.

In relation to approval condition 2 above, the following outcomes have been achieved:

- **Development of the City Centre Masterplan** - The City Centre Masterplan maps the future for our City Centre. The Plan contains a number of strategies and projects that support key priorities previously identified through the Masterplan community consultation process. These key priorities include a focus on revitalising the City Centre to stimulate economic activity. The adopted City Centre Masterplan can be viewed at:
www.coffsharbour.nsw.gov.au/Coffs-And-Council/rates/Documents/Coffs-Harbour-City-Centre-Masterplan.pdf
- The City Centre Masterplan contains a ten-year City Centre works program which formed the basis of Council's approved 2013/2014 Special Rate Variation. This extension of the CBD Special Rate for a further ten-year period provides the necessary funding for this works program.
- **CBD Traffic Flow Works** – Traffic studies have been undertaken to provide information for the design phase of the intersection upgrade of Harbour Drive and Gordon Streets.

Overseas Visits

Local Government Act 1993 - Section 428 (4) (b)

Local Government (General) Regulation 2005 - Section 217 (1) (a)

1 July 2012 to 30 June 2013.

Coffs Harbour City Council was represented in three overseas activities in 2012/13

In November 2012, Anne Shearer (Road Safety and Transport Officer) was invited to attend the Lake Taupo cycle challenge, New Zealand with a party from the City Rotary Club of Coffs Harbour to observe the organisation of the event and meet with organisers. The accommodation was funded by the Rotary Club. The costs associated with this trip for Council were \$902.60 from the training budget. All participants were members of the organising committee of the Coffs Coast Cycle Challenge which is modelled on the Taupo event so the group was able to benefit from the New Zealand experience resulting in increased participation (+48%) in Coffs Harbour in 2013. A report went to Council on 24 April 2013 as a result of this trip with a number of recommendations approved in relation to the staging of the event in Coffs Harbour.

In November 2012, Kristina Cooke (Economic Development Unit - Strategic Development Officer) participated in a Smart City World Conference Congress and study tour. The three key elements for this trip were to attend the Smart City Expo World Conference in Barcelona (13-15 November), to research economic development programs and to research co-working models. The program included interviews and guided tours of key economic developments in Barcelona, including Barcelona Activa, Mobile Barcelona and CISCO. Interviews were also staged with those involved in 6 co-working spaces in Barcelona to help investigate the applicable use of co-working spaces that would be viable in Coffs Harbour. This trip was primarily subsidised by a local partner organization, Southern Cross University and RDA Mid North Coast, for a total of \$5,800. The remaining accommodation and ancillary costs of \$2,583.29 were met by Council.

In December 2012, Steve McGrath (General Manager), Craig Milburn (Director of Corporate Business) and Steve Bayliss (Chief Information Officer) embarked on a business improvement and development study tour of the UK and Singapore in partnership with Civica, which is a global software and services company. This tour was primarily undertaken to review how UK and Singapore public sector businesses are managing organisational change as a response to long term financial constraints. Numerous public entities including schools, libraries, ministries, councils and public corporations were visited during this period. A report to Council on 28 February 2013 detailed the benefits of this tour and made a number of recommendations to pursue as a result. The overall cost of the study tour was \$24,525.60. This included costs of \$11,850.44 for travel (plane/train), \$11,349.68 for accommodation and \$1,325.48 for meals and incidentals. Some meals and train travel were funded by the hosts.

Elected Members' Expenses

Local Government Act 1993 - Section 428 (4) (b)
 Local Government (General) Regulation 2005 - Section 217 (1) (a1)
 1 July 2012 to 30 June 2013.

Expense	Amount (\$)
Mayoral Allowance	37,333
Councillor fees	147,996
Mayor vehicle expenses	12,000
Provision of dedicated office equipment allocated to councillors	6,705
Telephone calls made by councillors	3,900
Attendance by Councillors at conferences and seminars (excluding overseas and interstate)	17,161
Training of councillors and provision of skill development	9,026
Interstate visits by councillors, including transport, accommodation and out-of-pocket expenses	1,101
Overseas visits by councillors, including transport, accommodation and out-of-pocket expenses	-
Expenses of any spouse, partner or other person who accompanied a councillor	395
Expenses involved in the provision of care for a child or an immediate family member of a councillor	-
Other councillor expenses (catering, election, stationery, etc)	11,822
Total	247,439

Equal Employment Opportunity Management Plan (Human Resources Activities)

Local Government Act 1993 – Section 428 (4) (b)

Local Government Act (General) Regulation 2005 – Section 217 (1) (a 9)

1 July 2012 to 30 June 2013.

Activities Undertaken to Implement Council's Equal Employment Opportunity Management Plan

- Council continued with training and development for all staff.
- Council continued its support of trainees from an ATSI background, employing four new trainees, one in the Human Resources area of Council, as well as indigenous school-based trainees.
- The Aboriginal staff at Council were involved in a year long project for NAIDOC week celebrations.
- Council conducted a staff well-being workshop for Aboriginal employees.
- Council continued work through the Women's Development Team to improve the work environment for women.
- Council supported staff with disabilities throughout the year, providing flexible employment where required and equipment needs.
- Council continued to actively support staff with mental health issues including support of "RU OK" Day.
- Council entered a team in the LGMA management challenge which is an international challenge day set up by the LGMA National and the NZ equivalent. In putting the Council team together, the participation of Council female staff was encouraged as this program presents an opportunity for skill development and networking among local Government professionals. The team consisted of three women and three men.
- Individual coaching was provided for staff seeking assistance with interview skills; emphasis was placed on staff with special needs or those from Aboriginal and CALD backgrounds.
- Council continued its Emerging Leaders program which seeks to enhance the skills and give opportunities to staff seeking to progress their careers. Female staff were particularly encouraged to apply for the program and the final gender balance was 15 females and 5 males.
- Council conducted Code of Conduct Training for all staff and volunteers, ensuring all these groups were familiar with the code and the appropriate behaviour required in the workplace in relation to ethics, bullying and harassment and respect for staff and diversity.
- The final version of the reviewed EEO Plan 2012 – 2014 was published on the Intranet.

General Manager Remuneration

Local Government Act 1993 - Section 428 (4) (b)
Local Government (General) Regulation 2005 - Section 217 (1) (b)
1 July 2012 to 30 June 2013.

The remuneration package total effective for the position of General Manager at 30 June 2013 was \$256,865.34. The statement includes the total of the following:

- (i) the total value of the salary component of the package,
- (ii) the total amount of any bonus payments, performance payments or other payments made to the general manager that do not form part of the salary component of the general manager,
- (iii) the total amount payable by the council by way of the employer's contribution or salary sacrifice to any superannuation scheme to which the general manager may be a contributor,
- (iv) the total value of any non-cash benefits for which the general manager may elect under the package,
- (v) the total amount payable by the council by way of fringe benefits tax for any such non-cash benefits.

Senior Staff Remuneration

Local Government Act 1993 - Section 428 (4) (b)
Local Government (General) Regulation 2005 - Section 217 (1) (c)
1 July 2012 to 30 June 2013.

The remuneration package total effective for all three Senior Staff positions at 30 June 2013 was \$586,075.01. The statement reflects the total remuneration comprised in the remuneration packages of all senior staff members (other than the general manager) employed during the year, expressed as the total remuneration of all the senior staff members concerned (not of the individual senior staff members) and including totals of each of the following:

- (i) the total of the values of the salary components of their packages,
- (ii) the total amount of any bonus payments, performance payments or other payments made to them that do not form part of the salary components of their packages,
- (iii) the total amount payable by the council by way of the employer's contribution or salary sacrifice to any superannuation scheme to which any of them may be a contributor,
- (iv) the total value of any non-cash benefits for which any of them may elect under the package,
- (v) the total amount payable by the council by way of fringe benefits tax for any such non-cash benefits.

Stormwater Management Services

Local Government Act 1993 - Section 428 (4) (b)

Local Government (General) Regulation 2005 - Section 217 (1) (e)

1 July 2012 to 30 June 2013.

From 1 July 2007, Coffs Harbour City Council has levied an annual charge for stormwater management services.

Information on the revenue and expenditure associated with that charge is included in the table on Page 9 - "Flood Mitigation and Drainage Works Program to 30/06/2013."

Companion Animals Act - Compliance

Local Government Act 1993 - Section 428 (4) (b)
Local Government (General) Regulation 2005 Clause 217 (1)(f)
1 July 2012 to 30 June 2013.

Overview

Coffs Harbour City Ranger Services has been very active in Companion Animal Management during 2012/2013. The main focus has been a steady and constant approach to companion animal owners and their responsibilities when taking their pets into public places and/or not properly restraining them within their properties to prevent their animals escaping. This has seen a reduction in dog fines issued throughout the reporting period (totalling 125 infringements issued, well down from a high of 176 in 2010/2011).

Regular programs (“Dog Blitzes” and “Microchipping and Registration Follow Up”) have been run throughout the year, focussing on breaches of control requirements for all dogs in public places and non-identified and unregistered Companion Animals. These programs have taken the form of very high profile patrols during business hours and out-of-hours periods. These blitzes have been promoted on occasions with appropriate media coverage.

The tables below identify certain aspects of Council’s activities and have been prepared in accordance with statutory reporting requirements.

Companion Animal Seizure (As per 2012/13 seizure survey submitted to DLG)

Seized by Council Rangers	572
Seized by members of the public	398
Total animals seized	<u>970</u>
Companion Animals returned by Rangers (not impounded)	254
Companion Animals returned from Council’s Pound Facility	228
Total Companion Animals returned to owners	<u>482</u>
Total Companion Animals re-homed	<u>211</u>
Total Number of Animals Euthanized (including carry over 2012)	<u>360</u>

Companion Animals Act – Compliance (Continued)

Dog Attacks

There were 84 reported dog attacks in 2012/2013, a 10% increase on last year's figures. (In 2011/2012 there were 74 reported dog attacks; in 2010/2011 there were 80 reported dog attacks.)

Dog attacks reported during this period varied in severity, from dogs acting aggressively without biting, through to several incidents of biting which required hospitalisation. The majority of incidents were minor.

A number of dangerous dogs were destroyed as a result of these reported incidents. (11 dogs in total destroyed)

Companion Animal Management Funding - Expenditure

Companion animal complaints and tasks made up approximately 56% of the Ranger Services workload. The following financial outline reflects that percentage in respect to staff costs etc.

Staffing	\$ 233,861
Plant vehicles	\$ 18,670
General Dog Seizure Expenses	\$ 1,472
RSPCA Pound Facilities Contract	\$ 188,739
Office Accommodation	\$ 1,224
Equipment Purchases	\$ 1,495
Total Expenditure Companion Animal Management Slight increase from last year's figure (\$443,088)	\$ 445,461

Companion Animal Management Funding – Income

Companion Animals Registrations Commissions*	\$ 81,752
Impounding Fees and Charges	\$ 30,405
Fines (Net income amount after service fees)	\$ 29,671
Total Income (Up by \$53,999 on last year's figure.)	\$ 141,828

Companion Animals Act – Compliance *(Continued)*

Companion Animal Community Education (Including De-Sexing of Cats & Dogs)

- High profile patrols with a concentration on education and enforcement
- Regular media reports and stories highlighting companion animal issues
- Coffs Harbour City Council's website (www.coffsharbour.nsw.gov.au) is a major source of information
- Tourist publications
- Information brochures and flyers sent with registration papers

Strategies for alternatives to Euthanasia for Unclaimed Animals

Coffs Harbour City Council area is fortunate to have a large-scale RSPCA facility located at Dowsett Drive, Coffs Harbour. Council has an arrangement whereby the RSPCA undertakes Council's impounding responsibilities. This agreement also covers unclaimed animals - it sees ownership passed to the RSPCA, which makes every effort to find new owners for unwanted pets.

Dog Off-Leash Areas

Coffs Harbour City currently provides eight (8) leash-free areas for dogs at:

- Park Beach South
- Thompsons Road Dog Exercise Area
- Boambee Beach
- Hearnese Lake Beach
- Darkum Beach
- Corindi/Pipe Clay Beach
- Emerald Beach North
- Woolgoolga Back Beach

Assets Acquired, Assets Held and Condition of Public Works

**Local Government Act 1993 - Section 428 (4)(a)
1 July 2012 to 30 June 2013.**

Data still outstanding at 28 November 2013 (date of adoption of Annual Report Sections 1 and 2).

To be inserted following adoption of Council's 2012/2013 Annual Financial Statements (anticipated on 12 December 2013).
