2 Policy

2.1 Prevention

- Promote an awareness and sensitivity to vulnerable children

2.2 Monitoring and Compliance

In order to ensure that programs and services for child safety are effective, Council will:

- Ensure that child safety hazards, risks and controls are regularly reviewed for their effectiveness and new child safety risks are identified
- Regularly review working with children check clearances with the Children’s Guardian to ensure they remain up to date.

2.3 Response

Council will ensure that it responds quickly and appropriately where child safety could be, or is, at risk. Council will:

- Encourage and facilitate workers to report situations where they feel children are at risk of harm (within the definition of reportable conduct)

If the worker is a Council employee then the matter will be referred to the General Manager for determination; which may also result in termination of employment.

• Review and refer all cases to the General Manager where Council is made aware that a worker is charged or convicted of a child related offence, regardless of their role in Council
