## 2009/2010 FEES AND CHARGES

### Pricing Policy

Council provides a diverse range of services to the community. Each fee or charge is reviewed annually, and determined with consideration to the following pricing policy categories:

Code	Description
A	<b>Economic Cost</b> Total cost of providing services for private good.
B	<b>Community Service</b> Services considered to have a level of benefit to the community. Generally, benefits are not solely confined to users. Partially funded by rates.
C	<b>Regulated Charges</b> Federal or State Government set charges
D	<b>User Pays Principal</b> Services under this category are such that individual costs can be determined and met by the user of the service.
E	<b>Market Forces</b> Services which Council operates in a competitive market and needs to fix charges similar to other providers
F	<b>Cost Plus</b> Services provided on a commercial basis with an amount of risk profit included.
G	<b>Section 94 (Developer Contributions)</b> Items are priced at the level determined by the adoption of Council's Section 94 Plan. The Section 94 Plan provides for quarterly increases in these fees based on Consumer Price Index (CPI) increases.

### Goods and Services Tax (GST)

Council applies various fees, charges and fines. Many of these fees and charges are determined by legislation, and as thus are not subject to amendment by Council. The GST status of these fees and charges depends on whether there is consideration for supply. Some fees and charges are exempt from GST in accordance with the Federal Treasurer's Determination under section 81-5 of the A New Tax System (GST) Act 1999. The GST status of each fee or charge is noted in the right-hand column of this documents' tables.

While the fee amount in this document will not alter without a resolution of Council, followed by a subsequent period of public exhibition, the applicability of the GST to the fees and charges may, depending on the interpretations and rulings of the GST legislation.
